INTERNATIONAL SPEAKER & FACILITATOR

Dr. Yvette Rice, Founder and CEO of LLVE, LLC—pronounced "LIVE," meaning Ladies Living in Victory and Excellence—embodies the belief that we can succeed in life and business. With her unique approach to Leadership and Ministry, Dr. Rice captivates her audience and inspires them to embrace their potential and strive for excellence in all aspects of their lives.

After a 15-year hiatus from her successful engineering career, Dr. Rice returned to the Marketplace with fear, insecurity, and doubt. However, she soon realized that the same God who strengthened and empowered her within the walls of her local congregation and other congregations she ministered to also empowered her each day in the Marketplace. By surrendering to the Holy Spirit and embracing His Gifts in her professional life, Dr. Rice experienced a profound metamorphosis. Within a few months, the revelation of "God-Empowered Confidence" transformed her from a woman plagued by self-doubt into a successful Program Manager overseeing a multi-million-dollar contract. Rice describes God-Empowered Confidence to her audiences as the moment believers yield to the Holy Spirit and allow Him to place "His Super" on their "Natural."

Dr. Yvette's work goes beyond professional success; it focuses on empowering women to seek transformation in all areas of their lives. Through a Biblical lens, she promotes speaking and training opportunities that foster resilience, build "God-Empowered Confidence," and cultivate excellence. Staying true to her faith, Dr. Yvette has gained valuable insight in reestablishing LLVE, LLC as the premier organization for women career professionals and entrepreneurs seeking wisdom in applying God's Word and guidance through the Holy Spirit in their daily lives. Her mission is to help them overcome challenges, prejudices, and gender inequities, enabling them to become the best leaders possible in the Marketplace.
